### **REASONS FOR ALLOWANCE**

1. Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a liquid crystal display device and a method of manufacturing thereof comprising a combination of various elements and steps as claimed, more specifically, a bottom cover having a plurality of lamp holders and a guide projection, a reflector sheet having a guide hole to receive/insert into a projection, the bottom cover having rugged parts for guiding the lamp holders to be inserted between the rugged parts.

Lee (2004/0263716)/Lee ('416) discloses a liquid crystal display device comprising a bottom frame having guide projections, a reflector having a guiding hole, lamp holders holding lamps. However, neither discloses a liquid crystal display device and a method of manufacturing thereof comprising a combination of various elements and steps as claimed, more specifically, a bottom cover having a plurality of lamp holders and a guide projection, a reflector sheet having a guide hole to receive/insert into a projection, the bottom cover having rugged parts for guiding the lamp holders to be inserted between the rugged parts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2871
